

WEPENER TAKEN BY THE BOERS

**A Report From Transvaal
Sources Says British
Force Surrendered.**

WILL RECALL BULLER

**Dewet Still Surrounds the Red
Coats Under Brabant in Or-
ange Free State.**

MANY FOREIGN VOLUNTEERS

Lorenzo Marques, April 19—[Special Cablegram]—Gen. Winterbach, commanding at Koomatipoort, on the Portuguese border, has received a telegram saying that the British at Wepener have surrendered.

Buller and Warren Problem.

London, April 19 4:10 a. m.—What is to be done with Sir Redvers Buller and Sir Charles Warren occupies everybody's attention. The papers continue to comment earnestly upon Lord Roberts' censure of these commanders. They ask if more errors are not likely to occur, together with fruitless waste of life in the event that men who have been declared incompetent by their superiors continue to command 40,000 troops.

It is now generally accepted that the government had a purpose in the publication of Lord Roberts' dispatch and that the recall of Gen. Buller and Gen. Warren has probably been decided upon.

It is persistently stated that Lieut. Gen. Sir Charles Warren, the commander of the force has been ordered to return home. It is said that a temporary order for Gen. Warren's return was cabled to South Africa yesterday morning.

Dewet Still Surrounds British.

Pretoria, Thursday, April 19—The latest official reports from the Orange Free State are to the effect that Gen. Dewet is still surrounding Brabant's (Dalgely's?) forces, though the British are strongly entrenched in Boer fashion, indicating that they are colonialists.

Commandant Froenemann reports that he chased 400 troops across the river in the direction of Alwal North, capturing several prisoners. It is said that Bothulie bridge has been blown up.

Many Foreign Volunteers

London, April 19—According to Boer reports there is a steady flow of foreign volunteers to the Transvaal. Hitherto these adventurers have been attached to the various commandos. Now it is said they are to be formed into a special legion with continental officers and there is a rumor that the command will be given to a distinguished French soldier, lately retired, who is now in the Transvaal or is nearing the end of the journey thither.

There are 2,000 sick in the field hospitals, most of the cases being of dysentery and enteric fever.

Roberts Advance Has Begun

Cape Town, April 19—[Special Cablegram]—The only news received here from the front is the capture by the British of 200 cattle near Biseof. It is believed that the silence means that Gen. Roberts' great advance has begun.

DOZEN BOTTLES OF VERY FINE WHISKEY

**The People of Paducah, Ky., Send
Them as a Present to
Admiral Dewey.**

Washington, D. C., April 19—Admiral Dewey does not want to discuss politics or national issues until his statement is made public. It is this silence which is so puzzling to democratic politicians, and the Admiral is quietly enjoying their bewilderment. He understands that it is advantageous to keep them in the dark as to his plans and this may be behind the delay in making public the platform upon which he will run.

It was reiterated today by a gentleman who enjoys the closest possible relations with the Admiral that he would not be the tail to Mr. Bryan's presidential kite. "The Admiral will be a presidential candidate or nothing," he said. "He will certainly not take a vice presidential nomination."

The Admiral received today from Representative Wheeler of Kentucky a handsome gold mounted case containing twelve bottles of very old Kentucky whiskey sent to him and his wife by the people of Paducah.

CHAIRMAN TREAT GOES HOME

No Choice Yet for Chairman of Republican Convention

Milwaukee, Wis., April 19—Chairman J. B. Treat of the Republican State Central Committee, returned yesterday afternoon to his home in Monroe, having left what few details remain to be arranged for the state convention in the hands of Secretary Stickney. Mr. Treat said that he planned to remain home until Monday. The choice of the chairman for the convention has not been decided nor has the third secretary to serve with Mr. Stickney and Mr. Richter. The delegates will be seated on the main floor at the Davidson theater, though the stage will be used for some if need be, while the spectators will be allowed the balconies.

BASEBALL SEASON WAS OPENED TODAY

**National League and American League
Begin a Red Hot Race for
the Pennant.**

New York, April 19—The National League baseball season will open this afternoon. The following games will be played: Brooklyn at New York; Philadelphia at Boston; Chicago at Cincinnati; Pittsburgh at St. Louis. Now that the circuit has been reduced from twelve to eight clubs, the season will open more promising than before. Every club has been strengthened in nearly all positions and the clubs will all be bunched near the top for more than half of the season, and then the grand stand finish will come in—with possibly Brooklyn, Boston and St. Louis fighting it out among themselves.

Bad weather has seriously interfered with the plans of the American League, which is scheduled to open its season today. Chicago will be unable to make its debut before Saturday, as the White Stockings' official headquarters are now deep in mud. Indianapolis is also more or less inundated, so four teams will be idle today, and among them the two newcomers into the league, around which the most interest centers. Cleveland was scheduled to play at Indianapolis but will be unable to take the field before tomorrow.

SENSATIONAL TRIAL BEGINS AT DENVER

**Attorney Anderson Charged with Mur-
derous Assault Upon Two
Newspaper Editors.**

Denver, Col., April 19—[Special Telegram]—The trial of Lawyer W. W. Anderson, charged with a murderous assault on Frederick C. Bonfles and Harry H. Tammon, proprietors of the Post, began today. It promises to be somewhat sensational. Among the witnesses is Alfred Facker, known as the "man eater," now serving a forty years' sentence in the Colorado penitentiary, on the charge of killing five men and eating their flesh. He has been in prison seventeen years, and this has been his first glimpse of liberty. Fifty of Denver's prominent business men are on the first venire for a jury.

AGREE TO ARBITRATE

**Republican and Democratic Chairmen
of Wisconsin to Have Decision
of Caucus Law.**

Milwaukee, April 19—There are so many questions in relation to the interpretation of the state caucus law continually coming up that Chairman Treat of the Republican state central committee and Chairman Peck of the Democratic state central committee have decided to secure an authoritative decision on the disputed points.

They have accordingly arranged a board of arbitration, consisting of one attorney selected by Chairman Treat and one selected by Chairman Peck. To these two lawyers will be submitted all the questions sent in by the county boards out in the state, and when it looks as though everything was covered the two chairmen will put the decisions of the board of arbitration on the disputed points in the shape of a circular letter, which will be sent to all chairmen for distribution among the inspectors of caucuses and election.

DR. BENJAMIN WILL GO TO NEBRASKA

**Noted Educator Severed His Connection
With Chicago Public Schools
Last Night.**

Chicago, April 19—Dr. E. Benjamin Andrews severed his connection with the public schools of Chicago last night. He did not resign, but simply notified the board of education at its meeting that he intended to accept the position of chancellor of the University of Nebraska and would therefore not be a candidate for re-election as superintendent of Chicago's schools. He also asked for two months' leave of absence without pay. The board granted him the leave, but insisted on giving him pay until the end of his term, which expires in the last week of June.

New York, April 19—Seth Low, president of Columbia university, was elected president of the American Geographical society last night.

REJECT FATALISM IN THEIR CREED

**PLAIN STATEMENT OF MIL-
WAUKEE PRESBYTERY.**

**Not a Vote Against Resolution for
Change—Laymen and Clergymen
Say a Creed More In Keeping with
Present Thought and Needs Should
Be Adopted.**

Milwaukee, April 19—Without a dissenting vote the Milwaukee Presbytery pronounced in favor of the abrogation of the West Minister confession of faith, and in favor of a new creed which should be in harmony with the modern idea of the love of God and the saving grace of Jesus Christ.

There were ministers and laymen among the delegates who argued for the preservation of the time-honored doctrine which had been fostered by the Presbyterian church for 200 years, but when it came to the vote they were so small in number that they did not attempt to set themselves up in opposition to the popular demand for the change.

Nothing More Than Fatalism.

There were laymen, too, who declared that the doctrine of foreordination was nothing more than fatalism against which it was nonsense to interpose the saving grace of Calvary; that if, as declared infants were elected for salvation before they were born into the world, there must be infants that were not so elected, and that they were consequently lost, a doctrine which was absolutely out of harmony with the character of a God who gave his only begotten son up to be crucified that the world he loved so well might be saved.

Not only did the Milwaukee Presbytery express its desire for a new creed by a direct vote upon the subject, but it elected commissioners to the General assembly of the Presbyterian church, which meets in St. Louis next month, in harmony with this idea.

Commissioners to St. Louis.

The election of commissioners to the general synod which meets in St. Louis next month.

Ministers—The Rev. F. L. Seldon of Milwaukee, and the Rev. Moses Breeze of Cambridge, with the Rev. Mr. Simpson of North Milwaukee, as alternate for either.

Lay Commissioners—W. H. Hayden and Samuel McComb of Milwaukee, with C. F. Smalley and C. H. Glover as alternates.

Ottawa was selected as the place for holding the autumn session of the Milwaukee Presbytery.

Madison Presbytery Also.

Madison, Wis., April 19—The Madison Presbytery, which closed its spring meetings here last night unanimously and emphatically declared itself in favor of a new creed. The Presbytery adopted without a dissenting vote the following overture to the General assembly:

"Whereas, The attempt to revise the Westminster standard appears to us from past efforts of our beloved church and of our Presbyterian brethren in Scotland and England to be well nigh impossible of satisfactory settlement, we respectfully present to the general assembly our own preference, which is for a shorter creed and one in its phraseology more scriptural and simple."

In the Senate Today.

Washington, April 19—[Special Telegram]—In the senate Foraker introduced a bill to provide for the administration of civil affairs at Porto Rico pending the appointment and qualification of the civil officers as provided by congress.

Alligator Killed in Wisconsin.

Oriskany, Wis., April 19—Theodore Oberkosh, a farmer of the town of Utica, this county, shot an alligator in Eight Mile Creek. It was four feet two inches in length and fifteen inches around the largest part of the body. The facts are attested to by the town clerk, D. M. Shea. No one knows where the alligator came from or how it got into the creek.

To Abolish Death Penalty.

Boston, Mass., April 19—The Joint Committee on Judiciary of the Massachusetts legislature reported in the house today a bill abolishing the death penalty.

Growth of Human Hair.

Authorities differ as to the rate of growth of the human hair, and it is said to be very dissimilar in different individuals. The most usually accepted calculation gives six and a half inches per annum. A man's hair, allowed to grow to its extreme length, rarely exceeds twelve or fourteen inches, while that of a woman will grow in rare instances to 70 or 75 inches, though the average does not exceed twenty-five to thirty inches.

TURKEY CANNOT BE FORCED TO PAY UP

**EUROPE WOULD RESENT ANY
WARLIKE PROPOSALS.**

**United States Will Not Attack Smyrna
to Collect Old Claims—Other
Powers Are Interested in Port, So
Ousting of the Minister is the Only
Course To Pursue**

Washington, April 19—The news of the firm attitude assumed by the state department toward the Turkish government in the prosecution of its claim for damages to American missionary property has caused something of a sensation in diplomatic circles today.

Three successive American ministers have prosecuted these claims; each has received a promise of prompt settlement, and yet not a dollar has been paid.

Advised Seizure of Smyrna.

President Angell, after trying his hand at collection for two years, recommended that a United States warship be sent to seize Smyrna and collect revenues at the custom house there sufficient to meet the claims. The suggestion was not seriously entertained nor it it now.

In the first place, according to the state department officials, most of the important business interests in Smyrna are in the hands of foreigners, not Turks, and a bombardment by a United States fleet might result in a big bill for damages. Then, as there is still a remnant of a Turkish navy, the United States would have to send a squadron instead of a single warship.

Europe Would Resent It.

Such a movement would, without doubt, be resented by the remainder of Europe, which could not contemplate with equanimity an action by the United States that would perhaps destroy the fruits of many years' work of the greatest European statesmen by precipitating a final crisis in Turkey.

Therefore the next step to be taken by the United States government will not be warlike, but will still suggest in a most dignified manner the indignation felt by the United States at the betrayal of Turkish promises.

British Warning to Turkey.

London, April 19—The Vienna correspondent of the Times says:

"By further resistance to the claims of the United States the Sultan will expose himself to grave consequences which he probably had not foreseen. The United States government is not accustomed to indulge in empty threats."

"If the Sultan for a moment supposes that he would find protection from any European power let him remember Spain."

Progress of Colson Trial.

Frankfort, Ky., April 19—[Special Telegram]—John R. Paxton was the first witness today in the Colson trial. His testimony was along the usual lines of what he saw, but his vision was somewhat impaired by the rapidity with which he left the hotel when the firing began. The Commonwealth will rest when Paxton's testimony is all in.

ARREST ITALIANS RIGHT AND LEFT

**Vigorous Measures Being Taken to
Subdue the Riots at Croton
Dam, N. Y.**

Croton Landing, N. Y., April 19—[Special Telegram]—A new tack was taken by the authorities this morning. Assisted by the militia Sheriff Molloy began arresting the Italian strikers right and left and searching their houses and hiding places. The force was too strong for the strikers who submitted with all grace. As fast as the arrests were made the prisoners were placed under the guard of soldiers.

The contractors decided to test the strength of the strikers by opening the entire works this morning with the assistance of about forty new laborers.

At the office of the contractors, in which Gen. Roe has taken up his quarters, a conference was held between Contractors Branchard and Coleman and the Rev. Father Shapiro of Yonkers. The latter asked the employers to concede the demands of the men, but the contractors were stubborn in their refusal.

It was reported today that Gov. Roosevelt will visit the camp on Saturday next. The camp will be rechristened Camp Roosevelt.

WORDS OF WARNING AGAINST BRYANISM

**The Silver Issue Must Be Relegated to
the Rear With Its Cham-
pion.**

New York, April 19—Words of warning against Bryanism were uttered by three famous party leaders at the Jefferson dinner of the Democratic Club of Brooklyn last night. These leaders spoke for three sections of the country—Grover Cleveland for the East, former Governor James E. Campbell of Ohio for the middle West and J. J. Willett of Alabama for the South.

Mr. Cleveland gave his views by proxy in a letter of regret to Louis F. Burchard, read at the banquet. Messrs. Campbell and Willett personally voiced their sentiments. The keynote of all three, expressed in language more or less open, was:

"Sixteen to one is dead. Bryan stands as its sponsor. The silver issue must be relegated to the rear and with it its leading champion. Bryan without silver is impossible. And silver with Bryan means another disastrous party defeat."

CLAUDE ANDREWS IS TURNED DOWN

**Labor Unions Succeed in
Forcing Out Head of
Engraving Bureau.**

IS ASKED TO RESIGN

**It Is Doubtful if Anything Will
Be Done This Year To
Reduce War Taxes.**

FOR THREE NEW BRIGADIERS

Washington, April 19—[Special Telegram]—After a long and bitter fight organized labor has succeeded in encompassing the downfall of Claude M. Johnson, director of the Bureau of Engraving.

The committee investigating the charges against Johnson reported in effect, "not proven" but at the same time backed by Secretary Gage have intimidated Johnson that his resignation would be welcomed, and the sooner the better.

He introduced machines that threw many plate printers out of employment. Johnson is a gold-democrat appointed by Cleveland.

The Free Homestead Bill

The house of representatives agreed this morning to devote time beginning May 3 to consideration of the Free Homestead bill. There is no doubt that that measure will pass at this session. It has been changed so as to meet the objections raised by the presidents of the agricultural colleges by providing that the funds paid to agricultural colleges shall not fail on account of extension of free homesteads or settlers upon Indian reservations purchased by the government. This involves several millions of acres of lands for which settlers have been paying \$1.25 an acre. The bill also omits abandoned military reservations.

Won't Reduce War Taxes.

It is now extremely doubtful that anything will be done at this session to reduce the war revenue taxes. Although many interests of the country have appealed to congress for relief and the house is willing to make some reduction the senate finance committee, will, in all probability completely block legislation of this kind. It is also claimed on excellent authority, that President McKinley is unwilling to go into the question at this time.

Three New Brigadiers.

General Grosvenor today introduced a bill authorizing the president to appoint from among the general officers of volunteers now in service not to exceed three Brigadier Generals in the regular service, with a view to placing them on the retired list of the regular army. The officers for whose benefit the bill was introduced by General Grosvenor were said to be General Fitzhugh Lee, Joseph Wheeler and James H. Wilson.

WISCONSIN RIVER RISING ALARMINGLY

**All the Railway Bridges in the Valley
Are Threatened With a
Washout.**

Wausau, Wis., April 19—The Wisconsin river at this city and northward has risen alarmingly since last night. All the railway bridges north of here are threatened with a washout. The water now reaches the bottom of some and on others covers the rails.

The mark attained is the highest since 1880 and it is rising rapidly. Large crews of men have been at work today building temporary banks with baled hay and rocks. The railway companies have placed strings of cars on their bridges to add weight to them. Men are also at work building higher the piers in the river that hold the booms, which are full of logs.

Should the booms break it would free millions of feet of lumber and mean a tremendous loss to the owners. The Barker & Stewart Lumber Company has closed its mills. The mills and all lumber located on the island are now entirely under water and some of the lumber is already going down stream.

Large crowds are watching the water going down the dam with a roar almost deafening. The water reaches nearly one block into the city.

ANNUAL BANQUET HELD LAST EVENING

ST. PATRICK'S CONGREGATION
WERE THE HOST.

Five Hundred People Assembled at the Army Last Evening and All Were Well Repaid—Repast Was a Success in Every Way—Excellent Program Given, Followed by Dancing

At the Army last evening under the auspices of St. Patrick's church congregation was given the annual banquet of the church. Five hundred guests were in attendance. Extending the entire length of the hall tables were placed and a menu lacking in no respect was served. Prof. Johnny Smith's orchestra was present and during the serving of the repast played several selections. The orchestra stand was profusely decorated with flowers and potted plants. Dean E. M. McGinnity called the assemblage to order at 8:15 o'clock and extended a hearty welcome to all in the name of St. Patrick's church.

The delightful program opened with a vocal selection by St. Patrick's chorus choir under the able leadership of D. D.

Dean McGinnity.

Bennett and with Miss Marie McClerman at the piano. Father S. J. Dowling, of Argyle, sang, "The Devoted Apple." Well merited applause followed and Father Dowling was obliged to respond to an encore.

George Hatch then sang "The New Year's of the Green." He was accompanied by Smith's orchestra and his song proved one of the treats of the evening.

Father James Nicholas of Elkhorn gave the toast "England's Recent Love for the Shamrock" and the able manner in which he handled his subject brought forth loud applause. Father Nicholas referred to the visit of the queen to the Emerald Isle. The result of her visit was no doubt in recognition of valuable services rendered by the Irish soldiers in the present British Boer war. The queen thought it good policy to appease the Irish. Father Nicholas brought his toast to a close by stating that he hoped that the people of Janesville would soon prevail on the president to send Father McGinnity over to Manila to inaugurate banquets. They would do more good than all the bibles that could be shipped.

Miss Mamie Norton and J. H. Burns rendered a vocal duet. Mrs. C. F. Yates played the piano accompaniment.

Rev. Father W. A. Goebel took for his toast "The Ladies." He openly admitted that the task was a hard one and that it should be the duty of several men to successfully care for such a difficult subject.

Father Goebel praised the ladies stating that they were all young and beautiful and that matrimony was a means of grace because it leads to repentance. He alluded to the ladies of the Boer war and said they are the happiness of our homes.

D. D. Bennett sang "Conquered" Miss Marie McClerman playing the accompaniment.

J. A. Alyward, an attorney of Madison, Wis., responded to the toast "Sociability, Its Benefits and Blessings." Mr. Alyward congratulated Dean McGinnity for the sociability he had established in his church, for just such functions as the banquet of last evening broadens our human nature.

Charles Wilkins and J. Bessecker have been on the sick list of late. Mrs. Konth has also been sick threatened with typhoid fever.

Mrs. H. A. Hall made a flying trip to Beloit last Thursday.

Miss Louise Conry went to Chicago on Saturday to spend the summer with her sister, Mrs. John Krans.

James Minor, Mrs. S. Randall and Mrs. William McKinney made a business trip to Racine on Thursday last.

Miss Ursula Welch and brother of Sharon, visited their aunt, Mrs. H. A. Hall, one day last week.

One would think from the fall of snow on Wednesday and Thursday last that spring was quite a distance in the future, but the rain during Monday night of this week was certainly a genuine April shower.

N. H. Van Horn and A. M. Rokenbrodt are each suffering from the effects of one of John's comforters.

U. G. McKinney and wife returned last week from Kansas.

The Easter exercises which were held on Sunday morning were well attended and passed off very pleasantly. The choir was assisted by Prof. and Mrs. Knowlton and the efforts of the singers and also the little children who did their part so nicely, made it one of the best concerts given in Allen Grove for a number of years.

BARKERS' CORNERS.

AMUSEMENT NOTES.

"The Village Postmaster," the highly successful New England play which had a run of 150 nights at the 14th Street Theatre, New York, and recently closed its third engagement there of five weeks, will come to the Myers Grand tonight.

This quaint New England drama gives a vivid picture of New England life with all its quaint characteristics and picturesque surroundings and incidentally it tells a pretty love story. All the scenes are laid in the small country town of Bridgewater, New Hampshire, and the characters are drawn from among the plain country folk there. The period of the play is half a century ago, when among other characteristic town celebrations, the annual fall Training day took precedence.

Archie Boyd, the well-known character comedian, will be seen in the title role as the Postmaster. He will be remembered for his excellent work of Joshua Whitcomb in Denman Thompson's "Old Homestead" and Uncle Nat in "Shore Acres." The company supporting him will be just the same as when the play was produced at the 14th Street Theatre, New York, and includes such well-known and popular players as James F. Bradbury, Henry L. Keane, Frank Lyman, Richard NeSmith, Edith Barker, Charlotte Deane, Anna Buckley, Blanche Weaver, Angela Russell, and some twenty others. All of the original scenery and accessories will be brought here and the production will be given exactly as when the play was seen in New York.

The advance sale of seats for "A Poor Relation," Sol Smith Russell's famous play, which will be presented at the opera house next Saturday evening, promises to be unusually large, but this is generally the case wherever the play is seen. A very strong cast has been secured by Manager Fred G. Berger, in fact, with the exception of Frank J. Keenan, who among all the actors in America was chosen to succeed to Mr.

TRY GRAIN-O! TRY GRAIN-O!

Ask your Grocer today to show you a package of GRAIN-O! the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O! has that rich, nutty brown of Mocha or Java, but it is made from pure grains, and the most delicate stomachic properties without distress. If the price of coffee, 35c and 25c per package. Sold by all grocers.

Russell's parts, it is the same company that supported the eminent comedian himself, until his necessary retirement for a needed rest, and the play will be mounted with the same scenery and stage settings used by Mr. Russell. There is an indefinable touch of human kindness in "A Poor Relation." It appeals to the simplest and best emotions. Its dialogue is always good, crisp and fresh. It overflows with humor and pathos, that act as shadows bring out in high light the irresistible comedy that permeates the whole play. A rich treat is in store for theatre goers on Saturday evening next.

All the critics have agreed that in "Arizona," which will be presented at the Myers Grand April 23 Augustus Thomas has written a greater play than "Alabama" the work which first gained him international fame. As "Alabama" was distinctively a stage picture of southern life, so "Arizona" is said to be a remarkably true portrait of the people and customs of the most picturesque section of the United States, the great southwest.

In the cast of "Arizona" there are dozens of clever people, among them

Bonita Canby in Arizona.

several who have become particular favorites of theatre goers in other companies. The advance sale of seats and boxes for "Arizona" has begun.

I will personally guarantee the above attractions to all my patrons as strictly first class companies and that surely will please all. P. L. MYERS.

Morphine or Death.

The crowd that quickly gathered in front of Victoria hotel in Clark street could see the slight, girlish figure as it clung to the slender railing of the fire escape above the eighth story window; and their faces blanched as the wind swayed her to and fro, till at times it looked as though she would be dashed to the pavement below. "I will not come back," she cried, "I'll promise me I may have morphine."

It was the old, old story of sickness and headache and morphine; then more morphine, till the young woman had become a slave to the habit. Her nervous system was undermined and she had courted death rather than submit to medical treatment and be deprived of the drug.

For more than a dozen years my wife had suffered from female troubles and nervous disorders. She would experience the most severe headaches, and it would be impossible for her to rest or sleep without the aid of morphine or opium in some form. She doctored with the leading physicians at home and several at Indianapolis, but they did not help her. Finally she commenced using Dr. Miles' Nerve and in a short time was able to sleep without the use of those horrible drugs. Her health rapidly improved, and now she does not need to take any medicine. W. T. LONGWORTH, Portland, Indiana.

Dr. Miles' Nerve is sold at all druggists on a positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

THE REAL IMPERIALISTS

St. Louis Globe Democrat—In an article written since returning from the Philippines Gen. Wheeler remarks that Aguinaldo was fighting for a great prize and "had he won he would have been a powerful emperor, a mighty dictator." The true imperialist movement is located by this statement. Its head was Aguinaldo. The government he intended to form would have been a despotism and forced upon fifty unwilling tribes. His only schooling was in Spanish forms of government. He would have made a state church. His edicts would have been supreme. Large accumulations of products had been gathered by his agents at various points to fill his treasury. Spanish prisoners were held for ransom. Rates of taxation would have depended on a stroke of his pen and his method of collection is a file of soldiers. Gen. Wheeler has seen the islands and studied the situation for himself. He believes that Aguinaldo would have been an Oriental dictator, an emperor.

Instead of pursuing a course of imperialism the United States has struck down a Malay imperialistic conspiracy. Yet a large portion of the democratic party favors the withdrawal of this country from the Philippines and the transfer of the reins of government to Aguinaldo and the Tagals. There is not the slightest evidence that the Tagals would or could form a free government, or that they would consent to be instructed or "protected" beyond the moment the American flag was pulled down and the last of our troops sailed away. Not one of the Tagal leaders ever lived in a republic or was trained in republican ideas. They have played their cards for an empire in the Pacific, and directly in our path of intercourse with Asia. But they have lost, and the only imperialism proposed has gone down with them.

The czar presented a map made of precious stones, valued at \$800,000 to President Loubet of France. This is a sensible gift for \$800,000 is \$800,000 and anything worth that much will come in handy when the next disturbance occurs.

In recognition of the fact that this and other leading newspapers, refused to spell it "Puerto Rico" under any circumstances, the authorities have dropped the "u" and now it is Porto Rico again. We felt sure, all the time, that if we held out long enough, this would come to pass.

Senator William B. Allison of Iowa may be President McKinley's running mate. Senator Allison has long been one of the foremost republicans, and his name would certainly add strength to the ticket.

The railroads have made a rate of one fare for the round trip to Milwaukee on the occasion of the republican state convention, good from April 24 to April 27.

A heavy windstorm did considerable damage in Missouri the other day, but the rumor that the tornado was General Miles' boom in disguise is denied by the weather bureau.

Plans for the campaign in Rock county are now being made. The first announcement is that of B. J. Maltress of Edgerton, who is a candidate for the republican nomination for sheriff.

Turkey has spent enough valuable time gobbling, and if the Sultan does not produce the cash, his Uncle Samuel will proceed to have dealings with him.

Admiral Dewey may still think the office of president is easy to fill, but it is doubtless equally apparent to him that it is hard to get.

Out of 125 Illinois cities in which the question of license or no license was an issue, seventy were carried for no license at the election held last Tuesday.

Admiral Dewey could have saved himself considerable annoyance by giving

his claim to an attorney instead of seeking to collect it by a "bluff."

The Montana grand jury will investigate the Clark case, and the future looks black to both Clark and Daly. This is as it should be.

And as an amendment, we would offer a suggestion to the effect that Senator Hoar and Aguinaldo, are both patriots.

Senator Hoar thinks he knows what he thinks, but is mistaken.

FIRE IN MATTRESS FACTORY.

Panic Among Girl Employees Averted by Fireman's Coolness.

New York, April 18.—Fire today caused a loss of about \$75,000 in the big mattress and iron bed factory of Charles H. Rogers & Co. at 161, 163 and 165 West Eighteenth street. The fire was discovered in the cellar near the engine-room in No. 163. The engineer and a boy employe, Charles Seales, discovered the blaze. The boy ran up to the third floor at once, where there were thirty girls at work under the supervision of Lou Kopins, whom he told of the fire. Kopins then said to the girls: "Girls, the place is afire. Be nice and quiet and self-possessed and go out." The girls were hurried, but there was no panic, and, led by Kopins, they descended the stairs to the street, arriving safely.

Death Planned with Care.

Charlotte, N. C., April 19.—The suicide of Mining Engineer J. J. Newman at Goldhill, N. C., by the use of dynamite was deliberate. Newman wrote a diary before making preparations to kill himself, saying the last entry was on minutes before the end. He then put his watch and the diary behind a tree, fifty yards away, and went to his office, tied five sticks of dynamite together, laid himself upon the floor, put the explosives upon his breast and lit the fuse. The explosion tore his head from the body, blew one arm fifty yards away and wrecked the building. In his diary Newman requested that his remains be interred without a coffin at the foot of a certain large tree in the neighborhood. Newman was a brother of President Walter George Newman of the Union Copper Mining company, which has extensive works at Goldhill, N. C.

Jealous Woman Makes Scene.

Toledo, Ohio, April 19.—A marital row, a badly damaged man and a runaway caused excitement at the Union depot this afternoon. A woman guarded her husband until he was covered with blood. The woman who wielded an umbrella said her name was Mrs. J. F. Gunnie, and, amid sobs and sighs, managed to tell her story. "I am from Fort Wayne, and have been haunting this depot for several days to find that man you just saw me thrash. He is my husband, and I will take good care that her folks will know of her actions. That will be punishment for her."

Big Tunnel Caves In.

Raton, N. M., April 19.—The Raton tunnel, which penetrates the peak of the range between this place and Trinidad, Colo., on the main line of the Santa Fe route, caved in at both ends, as a result of the terrible rain and snow storms which have been raging here for the past three days, and the traffic is entirely suspended. Over fifty carloads of dirt has been removed and the sliding land still keeps filling in.

Orangeine

"The Pocket Physician" (Sixth Lesson.) Mental and Christian Science both say "Don't Worry." "Orangeine" says the same and furnishes the agencies to quickly relieve every physical organism from pain, depression, exhaustion and frequent indisposition which causes "Worry." A prominent Physician calls "Orangeine" "The Essence of Self Prescription; accurate as mathematics and perfectly harmless." "Orangeine" Relieves and Cures Headache, Neuralgia, Asthma, Colds, Grip, Rheumatism, Painful Menstruation, Car Sickness, Seasickness, Hay Fever, Nervousness, Insomnia, and builds up debilitated systems. You should carry it in your pocketbook ready for your own (or somebody else's) need—and should learn the full directions in every package. (See Lesson 7.)

ALFRED BINTLIFF DIED THIS MORNING

BROTHER OF GENERAL BINTLIFF OF CHICAGO.

Well Known Grand Army Man, Being a Member of the Famous Fifth Wisconsin Battery Organized at Monroe—Was a Bachelor, and Was Sixty-Three Years of Age.

Alfred Bintliff died this morning at 10:15 o'clock at his home in this city at 53 West Milwaukee street. His death was the result of a long and patient illness with asthma. By the death of Mr. Bintliff one of the early settlers of the city passes away.

He was a bachelor and leaves two brothers, General James Bintliff, of Chicago, and Gurshaw Bintliff, of Minneapolis. Mr. Bintliff was sixty-three years of age and was a member of the Grand Army post. During the civil war he proved himself to be a brave soldier, being a member of the famous Fifth Wisconsin Light Battery which was organized in Monroe at the breaking out of the war by C. F. Pinney.

In this battery Mr. Bintliff was a skilled gunner and the terrible execution wrought by this famous battery throughout the war was in a great measure due to Mr. Bintliff. He was rendered deaf by the reports of the cannon and from the government has since received a pension on account of his deafness.

Mr. Bintliff was a quiet man in his ways and was a bachelor. He has been a resident of Janesville since the close of the war. He was a painter and also quite a boat builder and tinsmith. The remains will be buried in the Grand Army lot in Oak Hill. Colonel Kimberley having made previous arrangements to visit Evanston the arrangement by the Grand Army will be in charge of W. J. McIntyre.

Mr. Bintliff requested before he died that the Grand Army have charge of his funeral.

Funeral services will be held Saturday afternoon at 2 o'clock from the Milwaukee avenue residence of Mrs. Shopbell.

The company which will present "A Wise Woman," the latest musical farce at the Myers opera house in the near future has a really wonderful array of well known people enlisted in the ranks of the organization. The management do not believe in the too common system of "one or two giving the whole show," but have organized what is undoubtedly one of the strongest farce comedy casts ever brought together.

OCCUPIED SAME FARM SIXTY-TWO YEARS

But Few Settlers Settled in This Section Prior to the Coming of Hugh Chapin to Rock County.

Hugh Chapin, who died yesterday was one of the oldest if not the oldest settler in Rock county. He was born July 6, 1824. In the fall of 1837 with his parents and brothers and sisters he left Perkinsville, Vermont, for the west. On arriving at Milwaukee the docks were so short and the lake so rough that the boat could not land. The boats then went to Chicago where they found affairs a little better. Here they landed and found Chicago nothing but a small village built mostly on piling as the land was nothing but a marsh. They left Chicago and in a few days arrived at Janesville, which did not look like ever becoming a city like it is today. In those days all produce was hauled to Milwaukee or Chicago markets as there were no railroads then.

The Chapin family lived in Janesville with Dr. Stoughton until spring, when they moved to the farm. Mr. Chapin lived on the farm in the town of Janesville, until his death, a period of sixty-two years.

He conducted the lime burning and stone-quarry business for thirty years, having furnished stone and lime for a great many of the largest buildings in Janesville. He was an upright and honest man in business and a republican in politics.

He was married on April 18, 1858, to Harriet Townsend. Four children were born to them—Cora M., Albert, Arthur and Lillian. Besides a wife, two children, Arthur and Lillian, also a grand son, Hugh J. Hemmingway, who was the same to him as one of his own children, are left to mourn the loss of a kind and loving husband and father. He also leaves three other grandchildren—Cora M., Charles and Hubbard Starks. A brother, Thomas P. Chapin of Brooklyn, and a sister, Cynthia W. Dudley of Chicago, are also left.

The funeral will be held at the home, Saturday morning at 10 o'clock.

CHAS. ANDERSON LEFT MUCH CASH

Money of Man Who Died in This City Will Go to His Relatives in Far Away Sweden.

Charles Anderson, a laborer employed at the Jeffris mill and who died at his home near the city limits several days ago, left about \$600 in cash besides several personal belongings. W. J. McIntyre as public administrator has charge of Anderson's belongings and the same will be forwarded to relatives in Sweden. Anderson has no relatives in this country.

RODGER BROTHERS' COMPANY

Fifty-One Actors and Actresses Were Here This Morning.

Fifty-one actors and actresses, members of the celebrated Rodger Brothers' theatrical company, spent an hour in Janesville this morning. They were on their way from Rockwood to Milwaukee. In Rockford last evening they played to a crowded house.

Attention Comrades.

All members of W. H. Sargent Post, G. A. R., are requested to be present at a special meeting at Post Hall, tomorrow evening, to make necessary arrangements for the funeral of Comrade Alfred Bintliff, which will occur Saturday afternoon at 2:30 o'clock. Meeting at 7:30 o'clock sharp.

Post Commander.

Seek Relief from Death.

Toledo, Ohio, April 19.—A petition of voluntary bankruptcy was filed in the United States court, in which the liabilities are set at \$88,727.88 and the assets \$4,859. The petitioners are John W. Wickham, Sr.; John W. Wickham, Jr., and Addison H. Winchell, formerly members of the firm of Winchell & Co., an extensive fishing concern. The firm was a member of a syndicate, the other principal members of which were Post & Co. of Sandusky, N. Y.; Howell & Son of Toledo, and George E. St. John of Port Clinton. Through their business relations these and a number of smaller firms became indorsers of each other's paper and the liabilities of each became practically a part of a joint liability.

Boy Fights a Catamount.

Richmond, Va., April 19.—Charles Gallagher, 10 years old, was nearly killed by a large catamount within two miles of the town of Clifton Forge, where his father, Bryant Gallagher, lives. The boy, with several companions, was gathering wild flowers in a ravine when the animal sprang on Gallagher from an unseen cover. The other boys were badly scared and ran away. Young Gallagher fought the catamount manfully, and was almost stripped naked and was torn until he was bleeding from head to foot. William W. Shire killed the catamount, which was a female. Its savage attack was supposed to be on account of the boy approaching near her cubs.

Journeys Around the Earth.

The time required for a journey around the earth by a man walking day and night, without resting, would be 428 days; an express train, forty days; sound, at a medium temperature, thirty-two and one-half hours; a cannon ball, twenty-one and three-fourths hours; light, a little over one-tenth of a second, and electricity passing over a copper wire, a little under one-tenth of a second.

SHOT GUN WOUND MAY CAUSE DEATH

TERRIBLE ACCIDENT TO FOURTEEN YEAR OLD BOY.

Happened Last Evening on the J. F. Kemmerer Farm, South of This City—Boy Was Cleaning Shot Gun When Charge Entered Arm—Amputation Necessary, to Save Life.

Henry Reamer's fourteen year old son is now near death's door as the result of being accidentally shot last evening. The unfortunate boy was in the act of cleaning a shot gun on the J. F. Kemmerer farm, one mile east of Shopiere when the gun exploded. The muzzle of the weapon was pointing towards the boy and the whole charge entered one of his arms between the elbow and hand.

As soon as possible Drs. Manley of Shopiere and Jones of Clinton were summoned and a hurried examination disclosed the fact that the arm should at once be amputated in order to save the young man's life. At the elbow the arm was amputated. Weak from the shock and the loss of blood the boy has since been growing weaker and his life is in great danger.

CURRENT HISTORY CLUB'S LAST MEET

Closes the Season on Friday Evening of This Week With Interesting Program at Court St. M. E. Church

On Friday evening of this week the members of the Current History club will hold their final meeting of the season in the lecture rooms of the Court Street Methodist church. The program promises to be a most interesting and instructive one. Attorney G. G. Sutherland will handle the subject, "Liquid Air," and Prof. Laughlin of the High school will talk on "Wireless Telegraphy." Several other numbers are on the program which will be followed by a social. The meetings of the Current History club the past winter have been well attended and it is the intention to resume them next winter.

Unanimous Verdict.

From our many articles the past few weeks received from various sources it will be seen that the comedy farce, "A Wise Woman," is a strictly first class attraction with more originality and novel features than any company that has yet visited us. It remains to be seen how they will be appreciated.

HE SOUGHT SPANISH AID.

Aguinaldo's Desire to Crush American Troops.

TELL-TALE FILIPINO LETTERS.

Proclamation by Aguinaldo—Debate on Naval Appropriation Bill—Alaskan Civil Code Bill—The Apology to Spain.

Washington, April 19.—In further response to the senate resolution of Jan. 17 last the president sent to the senate additional documents bearing upon the insurrection in the Philippines. The papers are all important. One of them is the report of Col. Armas Blanco of the Philippine army to the "general commanding the second zone" of the events of Feb. 2, 1899, in Tondo. He says that on hearing the alarm of fire he immediately ordered twenty men who gathered to hold themselves ready, "so that when the designated hour arrived they would be ready to go to Meisic, where the American barracks are, and set on fire the houses about there to interfere with their coming out from the barracks, as was agreed upon in the meeting with D. Rosend Loman. The result was that on marching to the scene of operations we found the calzada of Azcarraga was filled with Americans and with them were a number of country people, who cried out: 'Brothers, to the strife, for now is the hour!' This is what men were saying to that crowd, and at the proper time they sounded the call of our army: 'Advance and fire.' The sight of that strange scene threw us into confusion, for we believed that all we had prepared from the beginning, as well as what we saw, was prepared by the enemy and his spies."

He then ordered a retreat, and when they met the Americans, the colonel says, the latter gave his forces two volleys. He adds that his men, with their daggers, in a hand-to-hand conflict, forced the Americans to retire. Other papers are among the documents, one being a proclamation signed by Aguinaldo on the 24th of May, 1898, which says:

"I see the Spanish government is unable to struggle with certain elements which constantly oppose the progress of this country, and now since the powerful and great North American nation has come, showing a disinterested protection which will enable us to secure the liberty of this country, I come to assume the command of all forces, ready to assure the attainment of our revived aspirations."

He said he would first establish a dictatorship and afterward a government with a cabinet. The papers are all translations of documents captured from the Filipino forces.

The debate on the naval appropriation bill in the house under the five-minute rule drifted into politics, and for a good portion of the afternoon members fought hammer and tongs across the political aisle. Some progress was made with the bill, but most of the controverted points went over. A motion to strike from the bill the contingent fund of \$500,000 for the navy department was defeated. A point of order against the appropriation of \$350,000 for the new naval academy at Annapolis was pending when the house adjourned.

May 3 was set aside for the consideration of the "free homes" bill. The conference report on the urgent deficiency bill was agreed to.

During almost the entire session of the senate the Alaskan civil-code bill was under consideration. In this connection Mr. Stewart (Nev.) delivered an address of nearly three hours upon the mining laws of the United States and their relation to the proposed amendments of Mr. Mansbrough as to the rights of alien locators of claims. Mr. Nelson (Main.), Mr. Carter (Mont.) and Mr. Teller (Col.) discussed the pending amendment at length, both Mr. Nelson and Mr. Teller being particularly vigorous in their denunciation of it.

The president sent the following nominations to the senate:

Frank W. Hackett of New Hampshire, to be assistant secretary of the navy; Robert M. Wallace, collector of customs at Charleston, S. C.; First Lieut. S. D. Sturgis, Sixth artillery, to be a captain.

THE APOLOGY TO SPAIN.

United States Minister Story's Action Meets Approval.

Washington, April 19.—It is learned that no instructions were sent from Washington to Mr. Story, the United States minister at Madrid, relative to the presentation of regrets for the extension to the duke d'Arcos, the Spanish minister here, of the invitation to attend the celebration in Chicago of the destruction of the Spanish fleet in Manila harbor. In other words, Mr. Story acted according to his own judgment and upon his own responsibility in any representations he may have made to the Spanish foreign office on this subject. It is not to be inferred from this statement that his action, even if it is as reported, is disapproved here. On the contrary, it is declared that his course was in thorough accord with the proprieties of official etiquette, and that he showed excellent judgment in anticipating a complaint which would have been disagreeable to meet. His course is closely akin to that pursued by Lord Pauncefoot, the British ambassador here, in stating to Secretary Hay, in advance of an information as to the alleged opening of Mr. Macrum's mail, that if such an act had been commu-

ted, it was a source of regret and was unauthorized. Madrid, April 19.—The United States minister, Bellamy Storer, visited Premier Silvela today and apologized for the action of the mayor of Chicago, Carter H. Harrison, in sending an invitation to the duke of Arcos, the Spanish minister at Washington, to attend the Dewey day celebration there. Mr. Storer said the United States government regretted the incident, which, he explained, was the result of an error committed by a municipal clerk, and promised it should not be repeated.

TAKEN BY FORCE TO HAWAII.

Tyrolese Laborers Compelled to Go Against Their Will.

San Francisco, Cal., April 19.—Eleven Tyrolese laborers were carried away to Hawaii against their will and eleven others escaped in this city. It seems these people were hired in the Tyrol by an agent named Lucas to work on Hawaiian sugar plantations at \$1 per day. This wage seemed large to them, but when they arrived here and talked with some of their countrymen they became greatly dissatisfied. Pending the sailing of their steamer they were allowed to stay aboard the vessel, but got their meals ashore. Half of them became so wrought up over the stories told of the life of a contract laborer on the sugar plantations that they deserted and were hidden on shore by their friends. The remainder appealed to the Austrian consul, Korbel, who one hour before the ship sailed attempted to secure their release from the federal officers, but they refused, as Hawaii is still treated as a foreign country. Before the consul could secure habeas corpus papers the steamer sailed. The Tyrolese tried to leave the vessel, but the agent interfered. The Austrian consul claims the Southern Pacific, which runs the steamer line, interfered to prevent the people from regaining their freedom, and he will refer the matter to Washington and Vienna.

WOMAN DIES OF STARVATION.

In a Fashionable Church in New York City.

New York, April 19.—A woman, unidentified, but a victim of starvation, was found dead in a pew at St. Stephen's. Starvation brought on consumption, say the doctors, and her emaciated form and hunger-pinched features corroborated what they say. None of the visitors to the morgue, whether the body was taken, has identified it, nor is there anything on the clothes to indicate who the wearer was. A milliner in Third avenue declared the woman brought a hat to her last week, and added: "She begged me to fix it over for her so that she could go to church with it, Easter Sunday. She said she had been well off when she bought the hat, but times had been hard with her since, and she could not afford to buy a new hat, nor even pay to have the old retouched. I trimmed it for her for nothing." Neither the Rev. Father McCabe, who discovered the woman was dead in the pew, nor William Looby, the sexton, remembered ever having seen the woman before.

Do You Know
Consumption is preventable? Science has proven that, and also that neglect is suicidal. The worst cold or cough can be cured with Shiloh's Cough and Consumption Cure. Sold on positive guarantee for over fifty years. Sold by J. P. Baker.

For a Precedent in Topeka.
Topeka, Kan., April 19.—The will of the late Mrs. Eliza Christman, now made public, provides for the endowment of a Methodist university in or near Topeka. A provision is made that the Methodists of Kansas must raise a like amount in ten years.

THE TYRANT CUPID.

Say what you will, Cupid is somewhat of a tyrant after all. He waves his lash of government over the head of every woman who elects him to rule her life. No woman can choose the happiness and honor of widowhood and motherhood without being subject also to its pains and penalties.

But no woman ought to suffer as most do from those ailments and weaknesses which are due to her peculiarly delicate and susceptible organism. Every woman ought to know that Dr. Pierce's Favorite Prescription will cure these unnatural and debilitating troubles. It cures them absolutely, completely, permanently. It contains no alcohol to create a craving for stimulants.

"It is with heart-felt gratitude that I must tell you what your medicine has done for me," writes Mrs. A. E. Crenshaw, of Painesville, Sumner Co., Minn., in a letter to Dr. R. V. Pierce of Buffalo, N. Y. "After consulting you about my case I took your medicine and it cured me of female weakness. I was all run down. I suffered with sick headache, pains in the back and bearing down pains. I took two bottles of Dr. Pierce's Favorite Prescription and was then able to take care of my home. My health is better than it has been for three years. I do not know how to thank you for the kind advice you gave so cheerfully."

This grand "Prescription" has accomplished the same beneficent purpose for thousands of women in every corner of this broad land. It imparts health, strength and endurance to the special organism of womanhood and gives tonic vitality to the entire nervous system. Its marvelous properties are more fully described in one chapter of the People's Common Sense Medical Adviser by R. V. Pierce, M. D., a splendid thousand-page illustrated volume which will be sent free paper-bound for 21 one-cent stamps to pay the cost of mailing only; or cloth-bound for 31 stamps.

TEAR OFF RED CROSS.

Chicagoans Take Up Guns to Fight British.

THE BLOCKADE OF WEPENER

Continues Although Relief Is Reported to Be Near—Large Things About to Happen—Fate Against British Army—Boers Head Off Making Relief Force.

London, April 19.—According to a dispatch to the Daily Mail from Lourenco Marques, nearly half the members of the Chicago ambulance corps, when offered Mausers on their arrival at Pretoria, tore off their Red Cross badges. Adalbert S. Hay, United States consul, notified the Transvaal government that he must report the circumstance to Washington.

There is a steady flow of foreign volunteers to the Transvaal. Hitherto these adventurers have been attached to the various commands. Now, it is said, they are to be formed into a special legion, with confidential officers, and there is a rumor that the command will be given to a distinguished French soldier, lately retired, who is now in the Transvaal or is nearing the end of the journey thither.

Heavy rains impede the movements of the British columns. The blockade of Wepener continues, although relief is near. Large quantities of stores are being moved southward from Bloemfontein, which is a reversal of the course of freight for the last six weeks. These shipments are made necessary by the operations in the southeast of the Free State. There are 2,000 sick in the field hospitals, most of the cases being dysentery and enteric fever. With the exception of these facts, the embargo upon war intelligence is almost complete. The special correspondents send trivialities or statements which obscure, rather than explain, the situation in their efforts to prepare matter that will pass the censor. Here and there a phrase indicates expectancy that large things are about to happen.

What is to be done with Sir Redvers Buller and Sir Charles Warren occupies everybody's attention. The papers continue to comment earnestly upon Lord Roberts' censure of these commanders. They ask if more errors are not likely to occur, together with fruitless waste of life, in the event that men who have been declared incompetent by their superior continue to command 40,000 troops. It is now generally accepted that the government had a purpose in the publication of Lord Roberts' dispatch and that the recall of Gen. Buller and Gen. Warren has probably been decided upon.

Spenser Wilkinson, in the Morning Post, proceeds to criticize the omission to supply the needful remounts, clothing, boots and stores and the rolling stock to convey these to Bloemfontein. Precisely the same reasons, he remarked, have prevented the relief of Mafeking. He cites Gen. Morgan's raid into Kentucky in 1862 as an instance of the portability against the Boers if the British had a sufficient number of horses, and he concludes thus:

"But fate is against the British army, and one would like to know who helps fate in these affairs." The Lourenco Marques correspondent of the Daily Mail, telegraphing Wednesday, says: "Two hundred and fifty Boers started today from Waterval Onder, marching through the Zoutpanneberg district, to intercept Gen. Carrington's force." The Bloemfontein correspondent of the Times, telegraphing Wednesday, says: "A correspondent with Gen. Chermide reports that the Third division has advanced eight miles east of Reddersburg and gone into camp where the Irish rifles surrendered. Four hundred Boers had just evacuated the position. Gen. Chermide had no further contact with the Boers."

THE LOSSES AT WEPENER.

British Casualties Are 120 and Boers Unknown.

Maseru, April 19.—Col. Dalgetty's casualties since he has been besieged at Wepener have been twenty killed and 100 wounded. The Boer losses are reported to have been considerably heavier. After the night attack April 12 the dead were left on the field, where they still lie unburied. There is a conflict of opinion among the leaders. Some want to attack again, while others refuse to do so. Desultory cannon firing and "sniping" continue. The Caledon is rising, which alarms the Boers, who are now on both sides of the river and might be cut off if the stream were to become flooded. Five Boer guns are believed to have been disabled.

London, April 19.—Lord Roberts' criticisms of Gen. Buller, Gen. Warren and Col. Thorneycroft continue topics of acute interest. All the afternoon papers comment at length on the strictures of the British commander-in-chief in South Africa, taking the same lines as the morning papers, praising Lord Roberts for his frankness and speculating upon what the publication of the dispatches at the present moment portends.

The Globe declares that "A more pitiable record of indecision in plan and confusion in execution we have seldom read," and adds that what little reputation Gen. Buller had left has been scattered to the winds.

Practically no developments have been reported so far in today's South African cables. A dispatch from War-

renton, dated Tuesday, April 17, says: "Finding the Boers busy making new trenches, we exploded Lyddite shells, following up these with the Maxim. The enemy's ambulance was afterward observed on the spot."

From Wepener there is nothing later than Lord Roberts' message of yesterday, and, presumably, neither side has gained any particular advantage at any point in the theater of war since the last official dispatches were received.

ODD INVITATION TO DEWEY.

Paducah, Ky., Wants Him to Pull the Latchstring.

Washington, April 19.—Representative Wheeler of Kentucky today presented to Admiral and Mrs. Dewey a unique invitation to visit the City of Paducah, Ky., while on their proposed western trip next month. The invitation was enclosed in an oak casket trimmed with gold and silver. It is on a thin sheet of birch, which bears the seal of the City of Paducah, and reads as follows: "To Admiral and Mrs. Dewey:—This town is yours. Pull the latchstring—we will do the rest. Don't surprise us, but inform us when you pull." The invitation is signed by the mayor and prominent citizens of Paducah. Inside the casket are twelve quart bottles of twenty-year-old whisky and a cut glass decanter incased in silver. Admiral Dewey said the invitation was a beautiful piece of work. He did not give Mr. Wheeler a definite answer, but said he would communicate his reply in a formal letter.

ALTGELD AND HILL IN PARLEY

Former Illinois Governor Says There Was Little Politics in Visit.

Albany, N. Y., April 19.—Gov. Altgeld changed his mind about returning home yesterday and instead spent the day with ex-Gov. Hill. "We did not talk much politics," he said as he took the train last evening, "but we had a good visit and a good time." Ex-Gov. Altgeld said they did not call on Gov. Roosevelt while at the capital because they were told he was attending the republican convention. When told that this was a mistake he expressed regret and said: "I should have liked to have seen Gov. Roosevelt." Ex-Gov. Altgeld would not talk about Bryan or the coming national campaign.

The way we Look at it...

Carriages can be bought at prices which appear surprisingly low, but those who will take the trouble to examine the material and the finish will find that there is a vast difference between those vehicles and these we offer. The material throughout—wood, iron, leather, paint and rubber, is the best. There are no defects covered by a liberal use of varnish.

The Wagons are built for use and will stand plenty of it...

Rich Beyond Question.

That sounds extravagant, but seeing is believing. All we ask is your presence here to prove entirely our assertions. When on the subject of

Carriages or Rigs of any kind

We have something of interest for you. Our new vehicles are creating a sensation, not only from the fact that they are the newest in design and style, but the prices are surprisingly low.

DRUGGISTS AND THE WAR TAX

Hearing for Reduction Before House Ways and Means Committee.

Washington, April 19.—The house ways and means committee gave a lengthy hearing to representatives of proprietary medicine manufacturers on the question of reducing the war tax on that class of goods. Among the many representatives of the trade who were heard was George P. Englehard of Chicago, president of the Druggists' Association of that city, who argued that the tax was class legislation, as the only medicinal preparations exempted were the products of foreign uncombined chemicals, mainly from Germany. Members of the committee strongly questioned Mr. Englehard's statement, holding that the taxation of such common drugs as arnica and paregoric was not contemplated by the framers of the law, and should be resisted in the courts. Other interests in the drug trade made their pleas, and the committee indulged in a general discussion of the revenue derived from the war tax. Mr. Boutelle favored a reduction for the proprietary medicine manufacturers.

S. M. CUTCHEON DEAD.

Was Lincoln's Intimate Friend and Prominent in Michigan.

Detroit, April 19.—Sullivan M. Cutcheon, ex-speaker of the Michigan house of representatives and prominent in local business circles, died at his residence here early this morning, aged 67 years. Mr. Cutcheon was born in Pembroke, N. H. While superintendent of schools at Pittsfield, Ill., in 1853 he became an intimate friend of President Lincoln. Mr. Cutcheon was chairman of the Michigan delegation at the republican national convention of 1865 which nominated General Grant for the presidency. He was also chairman of the committee which revised the Michigan constitution in 1873, and was United States district attorney for eastern Michigan under Presidents Hayes and Arthur.

Took Part in a Death Dance.

Vancouver, B. C., April 19.—George Hunt, a half-breed, and Agowkuku, a full-blooded Indian, stood trial here for cannibalistic practices. Hunt was accused of participating in the Hamatlas, or death dance, and Agowkuku was charged with eating human flesh. Agowkuku was adjudged guilty and sent to prison. Hunt was acquitted. Hunt is the Indian who had charge of the British Columbia Indians at the Chicago World's Fair. Many witnesses swore that George Hunt cut up a body provided at this special dance, and Agowkuku swore that he got a prize for allowing a piece of flesh to be bitten from his arm.

This invention embodies in a large measure the principle of the Evaporating Gasoline Burner. The oil dripping into a tube leading to an open ring at the bottom of the burner cylinder, when ignited burns up between the two perforated chimneys, becoming so impregnated with air as to produce a Smokeless Blue Flame similar to that from a gasoline burner. No complicated mechanism is involved in its construction; it is as easily operated

and as easily comprehended as an ordinary lamp. A child five years old can use it—no danger; cannot explode.
